

Dear Parent/Carer

May I take this opportunity to welcome your child's class on board our exciting school initiative Buster's Book Club. The scheme, now in its fifth year, is run in partnership with councils and School Inspirational Services. This is a service delivery division of KM Charity Team (Registered Charity No.1105834) and is supported by the local media group.

The aim of the scheme is to encourage your child to read more and that this extra reading should be of literature they really enjoy. We know from research that reading for an extended time from a text of their own choosing can have an impact on a child's academic progress. Reading is the most important and fundamental activity which impacts on our future life chances.

How the scheme works:

In your child's contact book you will see a special bookmark which I want you to use to tell us how much your child read on each Wednesday. I need you to write the date and the number of minutes of reading on the bookmark - nice and easy!

Every Thursday we will look at the bookmark and add up the scores to see which class has come top. We will also conduct a "hands up" survey in class to ask the children about their reading and to see how many children exceeded their target.

Your child's target

As your child moves through the school their reading target will grow. In Reception and Year One they should aim to read (or share a book) for 10mins per day. In Years 2 and 3 it is 15mins per day and in Years 4, 5, 6 and Year 7+ (Secondary schools) it is 20mins per day.

What type of reading is counted?

This needs to be fun for your child so reading magazines and comics count towards their target as well as more traditional books. Also, when you or a family member reads to your child that will count, as does your child listening to an audio book. You can have a mix of any of the above to meet or exceed the target.

Your child's class and the entire school will be involved in a number of competitive challenge events with the aim of setting a new record for the number of minutes of reading achieved this academic year.

To make this a success I need your help.

Let me explain.

- * Each week the Reader's of the Week Award will be announced in school assembly by the head teacher. Your child's involvement is critical to help the class win this important award.
- * During the term the reading figures from each class will go forward to a district challenge with great prizes available to the school that comes top. If your child gets involved our school has an excellent chance to win.
- * At the end of the academic year we will discover if all our efforts have helped set a new record for the number of minutes the children have been reading. Your child really could be a record breaker! Children who took part last year have exceeded 7.5 million minutes of reading!

BUSTER'S BOOK CLUB

Survey day

Although we want your child to read every day our assessment only looks at the reading activity on a Wednesday. It is a snapshot survey which we conduct once a week. If you cannot hear your child read on a Wednesday for any reason you may use the reading figure for the previous day instead.

Top tips to help

- * Encouragement and praise is paramount.
- * This should be an enjoyable activity.
- * If a quiet time can be found for reading, this will help your child meet their target.
- * Look for interesting new words and make a booklet or list.
- * Use phonics to work out new words.

Why reading matters

Your child's ability to read is critical to their educational success and the job prospects that follow when they leave school. We want your child to be as happy and successful as they can be - and being a confident reader is key to this.

Yours faithfully

Head Teacher
